

Report to the Kentucky Library Association Board
Past-President
November 17, 2012
Lexington, Kentucky

I have met with Lisa O'Conner and Will Buntin from the UK School of Library & Information Science, and Wayne Onkst from KDLA about the possibility of developing a Kentucky Library Leadership Institute patterned after the ALA Institute. This was an idea that Lisa O'Conner developed, and we feel it will help new librarians develop leadership and advocacy skills. We are in the initial planning stages, but I will keep the association updated as we progress.

Respectfully submitted,

Terry Buckner
Past-President
